6-Distributed Systems GUI

Andreas Gavrielides

University of Antwerp – imec, IDLab – Faculty of Applied Engineering, Belgium

Final Assignment GUI

What the GUI should enable:

- Adding nodes
- Removing nodes
- Showing the list of all nodes
- Showing the list of all files on the selected node (local && replicated in two groups)
- Showing the configuration data of the selected node (i.e., previous and next ID)
- All the other things you may want to add are bonus!
